RE: ACE Academy Fundraising

To whom it may concern:

We are reaching out to you today to request your partnership through a valuable in-kind or monetary donation to support our Summer Camp. Cornerstone Aviation Academy will host the ACE Academy (Aviation Career Education), offering students an understanding of the aerospace industry through a STEM-focused curriculum which is endorsed by the Federal Aviation Administration (FAA).

The anticipated schedule for the program is Monday through Friday, from 7:30 AM to 4:30 PM, spanning two consecutive weeks in June, for 150 participants. The program is tailored for youth aged 12 to 16, and will take place at the Johnson County Executive Airport. This immersive experience aims to provide participants with invaluable insights for careers in the aviation industry. Enclosed with this letter is the initial Funding Proposal providing comprehensive details about the program, and below are Commitment Forms should you choose to support our youth.

Your support will significantly contribute to the success of our program and positively impact the lives of local youth. By investing in our initiatives, you are empowering young people to explore their interests in aviation and STEM fields, paving the way for future opportunities and achievements.

All donations will be considered charitable per IRS Code 501(c)3 and tax-deductible. Please review the Commitment Forms below for additional details regarding a donation.

We genuinely appreciate any level of support you are able to provide. We're looking forward to your response and invite you to contact us via any means we've provided with your questions or comments.

Sincerely,
Mark D. Harper
